TECHMIRE

die casting solutions

FOR MODEL 22NT,24NTX,44NT,66NT,88NT

Computer upgrade (replacing outdated computer) with a Intel Atom

-Keep your machine technology and software updated.

-Preventing down time due to discontinued replacement parts

-Possibility to add feature like the PPCS and sorting parts directly at the machine. See PPCS on website.

-NO more hard disk.

-Computer working on 24 vdc.

- More textual alarms, better help menus and friendly user.
